

# **Pines Lake Fishing and Conservation Club**

## **Mission Statement**

The Pines Lake Fishing and Conservation Club was formed to serve fishermen, outdoor enthusiasts and conservationists within the Pines Lake Community.

- Through our lake cleanups and fish stocking program we honor the values of environmental stewardship while promoting pride in our community.
- Through our tournaments and fishing derby's we honor the values of sportsmanship, strategy, patience, perseverance and stoke the fire of competition amongst our members.
- Through our PLFCC sponsored events we honor fellowship within the community, friendship and camaraderie amongst our members, and our duty to promote and support acts of charity wherever possible.

The PLFCC serves to promote the values and skills associated with the sport of angling and an ethos of conservation throughout the Pines Lake Community, now and for posterity.
