New Spot allocations are done on a strict first-come first-served basis.

PONTOON BOATS:

All pontoon boats whether docked on the Lake at a dock, brought down for day usage, must be inspected for compliance with PLA and state rules & regulations. This inspection must be scheduled prior to boat delivery (NO EXEPTIONS) Contact PLA Office regarding scheduling a boat inspection.

Boat Docking Policies and Procedures

- All boats, whether newly assigned or in spaces retained from the previous year, must be in the space with a current year’s decal no later than June 15, after that date the boat will be removed. The space may be returned to the general pool of spaces open for reassignment if it was not requested, is unoccupied or does not have a current decal after that date. The space will not be available to you the following year. If your boat is not removed from PLA property it will be sold and proceeds will go to Pines Lake Association. If your boat is not kept in the assigned spot, it will be removed and sold.
- Second spaces will be final only after all requests for first boat spaces are fulfilled. Second spaces currently assigned are subject to availability and may be revoked if needed.
- All boats on Association property should be: tied down and locked, usable condition & set to avoid the accumulation of standing water (turned over, covered, or drain plug removed).

Please see the Boating section of the PL Membership Rules for a complete enumeration of the standards and regulations regarding the storage and operation of boats on Pines Lake.

In placing a boat on Association property, the boat owner assumes all liability for any and all claims and costs that arise out of placing, storing, or removing his or her boat.
